

## RPL35A-ribosomal protein L35a Gene

Reference: PTXBC001037

|                |                                                                                                        |                     |                |
|----------------|--------------------------------------------------------------------------------------------------------|---------------------|----------------|
| Product type:  | DNA                                                                                                    | Storage Condition:  | -20°C          |
| Size/Quantity: | 2 ug                                                                                                   | Delivery Condition: | +4°C, Blue Ice |
| Synonyms       | DBA5; L35A; 60S ribosomal protein L35a; cell growth-inhibiting gene 33 protein; ribosomal protein L35a |                     |                |

**For research use only.**
