## SERTAD1-SERTA domain containing 1 Gene

Reference: PTXBC002670

|                |                                                                                                                                                                                                                  |                     |                |
|----------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------|----------------|
| Product type:  | DNA                                                                                                                                                                                                              | Storage Condition:  | -20°C          |
| Size/Quantity: | 2 ug                                                                                                                                                                                                             | Delivery Condition: | +4°C, Blue Ice |
| Synonyms       | SEI1; TRIP-Br1; SERTA domain-containing protein 1; CDK4-binding protein p34SEI; CDK4-binding protein p34SEI1; SEI-1; transcriptional regulator interacting with the PHD-bromodomain 1; SERTA domain containing 1 |                     |                |
