

## IER2-immediate early response 2 Gene

Reference: PTXBC003625

|                |                                                                                                   |                     |                |
|----------------|---------------------------------------------------------------------------------------------------|---------------------|----------------|
| Product type:  | DNA                                                                                               | Storage Condition:  | -20°C          |
| Size/Quantity: | 2 ug                                                                                              | Delivery Condition: | +4°C, Blue Ice |
| Synonyms       | ETR101; immediate early response gene 2 protein; chxI protein homolog; immediate early response 2 |                     |                |

**For research use only.**
