

## SNX15-sorting nexin 15 Gene

Reference: PTXBC009897

|                               |                                                                            |                     |                |
|-------------------------------|----------------------------------------------------------------------------|---------------------|----------------|
| Product type:                 | DNA                                                                        | Storage Condition:  | -20°C          |
| Size/Quantity:                | 2 ug                                                                       | Delivery Condition: | +4°C, Blue Ice |
| Synonyms                      | HSAF001435; sorting nexin-15; clone iota unknown protein; sorting nexin 15 |                     |                |
| <b>For research use only.</b> |                                                                            |                     |                |
