

## BRF2-BRF2, subunit of RNA polymerase III transcription initiation factor, BRF1-like Gene

Reference: PTXBC010648

|                |                                                                                                                                                                                                                                                                |                     |                |
|----------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------|----------------|
| Product type:  | DNA                                                                                                                                                                                                                                                            | Storage Condition:  | -20°C          |
| Size/Quantity: | 2 ug                                                                                                                                                                                                                                                           | Delivery Condition: | +4°C, Blue Ice |
| Synonyms       | BRF2, RNA polymerase III transcription initiation factor subunit; BRF2, subunit of RNA polymerase III transcription initiation factor, BRF1-like; BRF2, RNA polymerase III transcription initiation factor 50 kDa subunit; BRFU; TFIIB50; transcription factor |                     |                |

|                         |                                                                                                   |
|-------------------------|---------------------------------------------------------------------------------------------------|
| <b>GENE DESCRIPTION</b> | BRF2, subunit of RNA polymerase III transcription initiation factor, BRF1-like                    |
| <b>GENE ID</b>          | 55290                                                                                             |
| <b>ORIGIN SPECIES</b>   | Human                                                                                             |
| <b>ACCESSIONS</b>       | BC010648                                                                                          |
| <b>VECTOR</b>           | pDONR223                                                                                          |
| <b>NCBI SYMBOL</b>      | BRF2                                                                                              |
| <b>LENGTH</b>           | ProteoGenix bp                                                                                    |
| <b>SEQUENCE PRIMERS</b> | Forward primer M13R (5'→3'): GTAAAACGACGGCCAGT<br>Reverse primer T7P (5'→3'): TAATACGACTCACTATAGG |
