

## FAM18B2-family with sequence similarity 18, member B2 Gene

Reference: PTXBC011952

|                |                                                                                                                                                                             |                     |                |
|----------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------|----------------|
| Product type:  | DNA                                                                                                                                                                         | Storage Condition:  | -20°C          |
| Size/Quantity: | 2 ug                                                                                                                                                                        | Delivery Condition: | +4°C, Blue Ice |
| Synonyms       | protein FAM18B2; FAM18B2; Golgi apparatus membrane protein TVP23 homolog C; family with sequence similarity 18, member B2; trans-golgi network vesicle protein 23 homolog C |                     |                |
