

## NFIC-nuclear factor I/C (CCAAT-binding transcription factor) Gene

Reference: PTXBC012120

|                |                                                                                                                                                                                                          |                     |                |
|----------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------|----------------|
| Product type:  | DNA                                                                                                                                                                                                      | Storage Condition:  | -20°C          |
| Size/Quantity: | 2 ug                                                                                                                                                                                                     | Delivery Condition: | +4°C, Blue Ice |
| Synonyms       | CTF; CTF5; NF-I; NFI; nuclear factor 1 C-type; CCAAT-box-binding transcription factor; NF-I/C; NF1-C; TGGCA-binding protein; nuclear factor I/C (CCAAT-binding transcription factor); nuclear factor I C |                     |                |
