

## MYEF2-myelin expression factor 2 Gene

Reference: PTXBC014533

|                |                                                                                                       |                     |                |
|----------------|-------------------------------------------------------------------------------------------------------|---------------------|----------------|
| Product type:  | DNA                                                                                                   | Storage Condition:  | -20°C          |
| Size/Quantity: | 2 ug                                                                                                  | Delivery Condition: | +4°C, Blue Ice |
| Synonyms       | HsT18564; MEF-2; MST156; MSTP156; myEF-2; myelin expression factor 2; myelin gene expression factor 2 |                     |                |

**For research use only.**
