

## PPIL4-peptidylprolyl isomerase (cyclophilin)-like 4 Gene

Reference: PTXBC016984

|                |                                                                                                                                                                                                                                                                |                     |                |
|----------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------|----------------|
| Product type:  | DNA                                                                                                                                                                                                                                                            | Storage Condition:  | -20°C          |
| Size/Quantity: | 2 ug                                                                                                                                                                                                                                                           | Delivery Condition: | +4°C, Blue Ice |
| Synonyms       | rotamase PPIL4; cyclophilin-like protein PPIL4; HDCME13P; peptidyl-prolyl cis-trans isomerase-like 4; PPIase; cyclophilin-type peptidyl-prolyl cis-trans isomerase; peptidylprolyl isomerase (cyclophilin)-like 4; serologically defined breast cancer antigen |                     |                |
