

## RASSF8-Ras association (RalGDS/AF-6) domain family (N-terminal) member 8 Gene

Reference: PTXBC030021

|                |                                                                                                                                                                                                           |                     |                |
|----------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------|----------------|
| Product type:  | DNA                                                                                                                                                                                                       | Storage Condition:  | -20°C          |
| Size/Quantity: | 2 ug                                                                                                                                                                                                      | Delivery Condition: | +4°C, Blue Ice |
| Synonyms       | C12orf2; HOJ1; ras association domain-containing protein 8; Ras association (RalGDS/AF-6) domain family (N-terminal) member 8; carcinoma-associated protein HOJ-1; Ras association domain family member 8 |                     |                |
