

## ARHGEF16-Rho guanine exchange factor (GEF) 16 Gene

Reference: PTXBC051838

|                |                                                                                                                                                         |                     |                |
|----------------|---------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------|----------------|
| Product type:  | DNA                                                                                                                                                     | Storage Condition:  | -20°C          |
| Size/Quantity: | 2 ug                                                                                                                                                    | Delivery Condition: | +4°C, Blue Ice |
| Synonyms       | GEF16; NBR; rho guanine nucleotide exchange factor 16; Rho guanine exchange factor (GEF) 16; Rho guanine nucleotide exchange factor (GEF) 16; ephexin-4 |                     |                |
