

## SLC22A14-solute carrier family 22, member 14 Gene

Reference: PTXBC126482

|                |                                                                                                                                                                                                     |                     |                |
|----------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------|----------------|
| Product type:  | DNA                                                                                                                                                                                                 | Storage Condition:  | -20°C          |
| Size/Quantity: | 2 ug                                                                                                                                                                                                | Delivery Condition: | +4°C, Blue Ice |
| Synonyms       | OCTL2; OCTL4; solute carrier family 22 member 14; ORCTL-4; organic cation transporter-like 4; organic cationic transporter-like 4; solute carrier family 22 (organic cation transporter), member 14 |                     |                |
