

DAXX-death-domain associated protein Gene

Reference: PTXBC109074

Product type:	DNA	Storage Condition:	-20°C
Size/Quantity:	2 ug	Delivery Condition:	+4°C, Blue Ice
Synonyms	BING2; DAP6; EAP1; death domain-associated protein 6; CENP-C binding protein; ETS1-associated protein 1; Fas-binding protein; death-associated protein 6; fas death domain-associated protein; death domain associated protein		

For research use only.

GENE DESCRIPTION	death-domain associated protein
GENE ID	1616
ORIGIN SPECIES	Human
ACCESSIONS	BC109074
VECTOR	pDONR223
NCBI SYMBOL	DAXX
LENGTH	ProteoGenix bp
SEQUENCE PRIMERS	Forward primer M13R (5'→3'): GTAAACGACGGCCAGT Reverse primer T7P (5'→3'): TAATACGACTCACTATAGG

ORF (Only for reference, product provided without STOP codon)
